With over thirty years behind the chair, Duane Korb has established himself as both an accomplished colorist as well as a master stylist. He prides himself on combining the wishes of his clients with their needs and lifestyle for maximum results. "Continually seeking educational classes in current trends in all aspects of hair is key to satisfying today's client."

Originally, Duane was trained by Glemby International as an educator for cutting techniques. Regularly attending classes at National Hair conventions maintains his connection with all that's new. Much of his color training has been supplied through numerous advanced coloring classes supplied by Goldwell, in which he participates in their International ColorZoom Challenge annually. Duane has had the honor of winning both the Goldwell Styling Sign Your Look! 2009 and the Colorance Ultimate Color Contest 2011.

"I am blessed to have aligned myself with a career that allows me to explore my passion for the Arts with both creativity and excellence." Duane's interests include sketching and painting, architecture, interior design, landscaping, and pretty much anything that instills beauty. Travel, theater, fine dining, and entertaining close friends are favorites as well.
